All claims must be made immediately after receipt of stock.

LIABILITY and NON-WARRANTY

All quotations are for immediate acceptance and subject to stock being sold. All bookings are without liability to us should injury befall stock from frost, hail, fire, or other causes beyond our control, and subject to the standard form Non-Warranty Clause which reads: "**We give no warranty, express or implied, as to description, productiveness, or any other matter, of any nursery stock, seed or bulbs we sell.**"

COMBINATION CARLOAD SHIPMENTS

WISTERIA, Tree Form

We have had these two years in the field as Wisteria vines, we have since staked them and grown them two years upon an iron stake in our lightning-rod patch and they are beginning to shape up pretty nicely. The stems are 3-3½' long, the overall height is 5-5½'; they are fairly straight considering that this varmint is still a vine. Caliper will run around 9/16's inch to 11/16's inch.

IOWA, Feb. 15, 1952: "The boys in our packing department made some unkind remarks about your Regal Privet but in view of the fact there were only 50 of these shrubs in the shipment we will try to get along with them, although we have to admit they are not of the usual Chase standard. The balance of the stock of your shipment is very fine and in fact your No. 2 Hansa put a temptation before us to use some of the No. 2 grade for our own retail sales of No. 1 grade. Of course if you knew we were doing this you probably would expect to charge us your price for No. 1."

OKLAHOMA, Feb. 27, 1952: "Enclosed please find check for invoice No. 3317. Thank you for perfect liners and good service."

I am very much confused about the grade of Pfitzer Junipers received. In color and shape they are very nice. In size??? This is one time the well known and admired Chase Slogan—'When in doubt put it in the smaller grade' does not hold true." (P. S.: We made him happy. C. N. Co.)

PENNSYLVANIA, April 10, 1952: "It was very nice of you to make the quick shipment of the Vitex Macrophylla without delay. Your extension of ten-day credit was also appreciated. The stock was excellent and we will most certainly try again."
